Congratulations to Jeff for this tattoo of an indian Motor Cycle.

We worked on this tattoo for Jeff for about 2 1/2 hours. We have a little bit of black work to do yet and a whole lot of color. It's been many years since Jeff has had any work done. We helped bring him into the modern world with this piece. The Indian motor is from a photo of his bike.

We have added some color to Jeff's piece. One more sitting and we will have this piece finished.
